#### **Option V Goalkeeper equipment 1.540,- NOK + transport costs**

**This set includes goalkeeper jersey and waistcoat, short and black Azetx helmet. We have three different models of jerseys. The jersey's front protects the goalkeeper against powerful ball hits. There is a foam (bordered both-side, 10mm thick) sewn under the fabric. The effect of such application makes goalies no longer have to use additional protective waistcoats. Qmax goalkeeper shorts have high belt on the rubber. Trousers front protected by inside foam along the entire length of leg, the rear part secured in the upper part, special indestructible and very slippery protective material on knees. It does not require the use of knee pads under the shorts, stretching in the crotch area. Azetx helmet is made of ABS material, resistant to impact.**

#### **Option VI Goalkeeper equipment 1.710,- NOK + transport costs**

**This set includes goalkeeper jersey and waistcoat, shorts, black Azetx helmet, protector and goalkeeper gloves. We have three different models of jerseys. The jersey's front protects the goalkeeper against powerful ball hits. There is a foam (bordered both-side, 10mm thick) sewn under the fabric. The effect of such application makes goalies no longer have to use additional protective waistcoats. Qmax goalkeeper shorts have high belt on the rubber.
